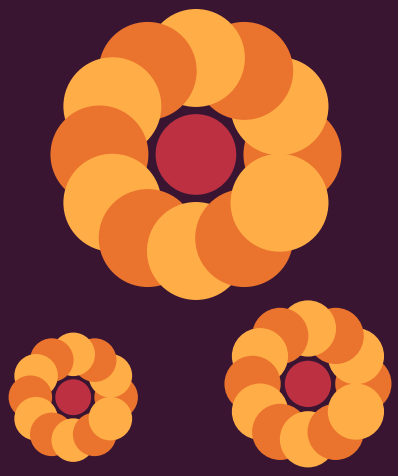
Noche de Flores



MEXICAN NIGHT

Marigolds by dusk. Latin beats after dark.

01 Choose your face paint

Pick an original floral, half-face or calavera design and have it painted at the face-paint station.

02 Hit the dance floor

Mexican favourites and Spanish-language tracks lead into a marigold disco with violet light and red and ivory cut-paper decor.

03 Join the fiesta

Try a papel picado activity or take portraits under the marigold arch. Floral accents and bold colours are welcome.
