

Socotra Island Tour Itinerary

Day 1 – Welcome to Socotra | Qalansiyah & Detwah Lagoon

Upon your arrival at Socotra Airport, you will be warmly welcomed by your guide, who will

accompany you throughout your journey on the island.

From the airport, we will begin our drive toward Qalansiyah, the second largest village on the island after Hadibo. On the way, we'll make a brief stop to see some Old Russian tanks, a small but interesting historical reminder from the past.

As we continue our journey, we will reach the top viewpoint of Detwah Lagoon, one of Socotra's most breathtaking natural sights. From here, we will leave the cars behind and begin a short walk down to the lagoon.

The white sandy beach and crystal-clear turquoise water of Detwah invite you to relax, swim, and sunbathe in peace. After enjoying some time at the beach, we will meet our vehicles again at Detwah campsite, where a delicious lunch will be prepared and shared with our local team.

Afterward, we'll take a short drive to a hilltop viewpoint to enjoy a spectacular sunset over the lagoon, a perfect way to close your first day on Socotra.

We will return to our camp at Detwah Lagoon for a peaceful evening and overnight stay, surrounded by the beauty of nature.

We are happy to welcome you and begin your unforgettable adventure with this gentle introduction to the wonders of Socotra. Overnight Detwah Lagoon

Day 2 – Shuab Beach & Qalansiyah Detwah Lagoon

After breakfast we will drive to the beach and take our boat ride to Shuab Beach. Shuab Beach is the coolest and most isolated beach in Socotra. On our way, we will be able to see spinner dolphins swimming in herds and doing tricks as they jump out of the water, and sea birds such as Socotra cormorants, sea gulls, sooty gulls, terns, and gray reef herons. We will stop for 20 minutes at one of the best corners for swimming and snorkeling over wonderful rocks with small colorful fish, then continue to Shuab Beach. Afterward, we return to Qalansiyah and have lunch in Detwah Lagoon. In the afternoon, we will visit the cave man Abdullah. Overnight Detwah Lagoon

Day 3 – Dixam & Firmhin Forest

After enjoying breakfast, we will begin our drive toward Dixam Plateau, a beautiful highland area known as the home of thousands of Dragon Blood trees, one of the most iconic symbols of Socotra.

We will make three scenic stops:

1. First Stop: A lovely viewpoint to enjoy an amazing view of Dragon Blood trees standing proudly on the plateau.
 2. Second Stop: A panoramic view over Wadi Dirhur, considered one of the most stunning canyons on the island.
 3. Third Stop: We will descend into the Wadi Dirhur Canyon, enjoy lunch under calm and peaceful trees, followed by free time to explore or rest.
- Later in the afternoon, we will drive to Firmhin Forest, home to thousands of ancient Dragon Blood trees. We will camp overnight in Firmhin, with dinner under the stars. A light jacket is recommended due to cool night weather. Overnight Firmhin Forest

Day 4 – Degub Cave, Omak Beach & Zahaq Sand Dunes

After breakfast, we head south to to Dagub Cave which is a shallow cave of wet rocks located near Aomok Beach.

It's a small site and only takes about a 5-minute walk from the parking area, but it's worthwhile and a really cool place for photos.

Next, we drive to Omak Beach for a relaxing lunch by the sea, Omak Beach is a picturesque white sand beach where you'll visit, and possibly camp. You'll find crystal-clear waters and long stretches of sandy shores. You might want to wear sandals as the ground can be scattered with sharp coral at times!

One special thing about this campsite is that there is an outdoor shower and bathrooms! The shower feeds freshwater from the mountains through a pipe. It's super refreshing after long days of driving, hiking, and camping.

At 3:30 PM, we head to Zahaq Sand Dunes are a wide expanse of white sand dunes, located right on the shores of the Indian Ocean, with the vast purple mountains in the distance in the other direction. It's a beautiful place for sunset, where the light changes the dunes from gold to blue-ish purple. You may see camels here which make for a really special photo-op!

Overnight Omak Beach

Day 5 – Wadi Kalasan & Arher Beach

After breakfast, we visit Wadi Kalasan, a home to the largest natural pool in Socotra, with vibrant blue-green water winding through striking white limestone walls.

It's about a 30-minute hike down to the canyon, where you can spend the morning jumping off rocks, swimming, and laying in the sun. This was one of my favorite places in Socotra so definitely make sure you have enough time to really relax, take photos, and soak in your surroundings! I recommend arriving as early as possible to have the place to yourselves before other groups of tourists arrive. We will have picnic at the top.

Next, we visit Ahrer Beach is one of the most beautiful locations in Socotra, featuring iconic white sand dunes just steps away from the bright turquoise ocean. Spend the afternoon swimming, relaxing, and photographing the landscape.

There are also several freshwater streams that flow from the mountains into the sea, which are beautiful for photos.

We camp at Arher Beach with dinner by the sea.

Overnight Arher Beach

Day 6 – Homhil & Ras Ersal & Arher Beach

Be sure to take an early (pre-dawn) hike up a sand dune to watch the sunrise over the ocean!

After breakfast, we will drive to Homhil Pool which is located in one of the most beautiful protected areas of Socotra, surrounded by Desert Rose, Boswellia, and Dragon's Blood trees. After an easy 30-minute hike through the mountain along a stream, you'll eventually reach a stunning natural infinity pool fed by fresh water from the mountains.

Have a swim here, sunbathe, and enjoy the views of the ocean in the distance. Homhil pool is like a little slice of paradise hidden in the mountains. You can cool off with a refreshing swim, or just kick back and relax surrounded by nature's beauty.

In the afternoon, we will visit Ras Ersal near Ahrer Beach; we will take a drive to a stunning sunset spot at the easternmost tip of the island, where the Indian Ocean meets the Arabian Sea. Depending on the time of year, you can watch the sunset behind the mountains to the west, and the moonrise above the ocean horizon to the east. You may also find whale bones on this beach, which are impressive to see up close!

Return to camp at Arher Beach.

Day 7 – Dihamri & Delisha

After lunch in a shady wadi, We drive to visit Dihamri Marine Protected Area,

Dihamri Marine Reserve is a protected area where you'll find the most beautiful red rock beaches and vibrant marine life grab your snorkel gear and dive in! Here you can spot countless species of marine animals including sea turtles, octopi, leopard eels, parrot fish, giant schools of fish, and more.

Dihamri is the best place where you can rent snorkeling or diving gear, so make sure you give yourself ample time here to explore. You won't want to be rushed.

Perfect for snorkeling and diving.

Next, we visit Delisha Beach which is one of Socotra's most beautiful natural treasures, where soft white sands meet crystal-clear turquoise waters in a breathtaking landscape. It is the perfect place to relax, unwind, and immerse yourself in the island's pristine beauty, far away from the hustle and bustle of everyday life.

Guests will also enjoy dinner and an overnight stay by the beach, creating an unforgettable experience under the stars surrounded by the serenity of nature. to camp at the Beach.

Note: Tipping the local team is appreciated.

Day 8 – Fish Market & Departure

in the morning, we drive to Hadibo for shopping and we thank our local team.

We visit the main fish market and then head to the airport for departure, depending on your flight schedule.

Socotra: A Natural Wonder of the World

Socotra is a remote and remarkable island belonging to Yemen, situated between the Indian Ocean and the Arabian Sea. Covering an area of approximately 3,700 square kilometers, the island stretches 132 kilometers in length and 45 kilometers in width.

The Socotra Archipelago comprises four islands. Of these, three—Socotra, Abd al-Kuri, and Samha—are inhabited, while the fourth, Darsa, remains untouched by human settlement.

Socotra is known for its extraordinary biodiversity, home to over 830 plant species—308 of which are endemic. It was inscribed as a UNESCO World Heritage Site in 2008.

Best Time to Visit Socotra

The ideal time to visit is from October to April, with February to April offering the best views of blooming flowers.
